An Update of Paediatric Neurology 2012
**Introduction**
In this year’s update, we have the pleasure to pool the expertise of our local experts to go back to basic and cover a wide variety of common paediatric neurological disorders such as epilepsy, headache, cerebral palsy, CNS infections, neuromuscular disorders and developmental problems. We have included a half-day session on palliative care for children with life-limiting neurological disorders. There will also be an optional pre-Update teaching course cum mini-mock exam for neurology & child development stations for medical officers planning to sit for their clinical examination.

**Target Audience**
Paediatricians, paediatric neurologist, medical officers and nurses who are involved in the care of children with acute and chronic neurological disorders.

**Registration (meals included)**
A. Paed Neuro Update (24-25/9/2012)
   - Specialist / Foreign Participants RM 300
   - Medical officer & Others RM 200

B. Mini-Mock cum Teaching Course (23/9/2012)
   - Only attending this session RM 300
   - Also attending the Update RM 150

Local cheque / postal order should be made payable to ‘Persatuan Neurosains Malaysia’.
(Limited places are available for the mini-mock cum teaching session and priority will be given to early bird registration)
